

The background is an abstract composition of various geometric shapes, including triangles, squares, and a large circle, in different shades of teal and green. The shapes are layered and overlap, creating a dynamic and modern look.

HOLIDAY COLLECTION

AW 24/25

Bask in renewing woodland tones

Why are they key? This versatile, verdant and earthy palette features organic oranges and energised greens, which also have a sense of calm and mysticism.

How to use them: ideal for product packaging, this palette is also key for bath and body formats. Warm Amber and Terracotta are ideal for colour cosmetics within eyes, cheeks and lip applications.
