## FEATURES

Hollow Fiber Lashes  
50% Lighter

### Lightweight and Comfortable

The lash is made of a special material called hollow fiber, which is significantly lighter than ordinary fiber materials. It weighs only half as much, making it both light and soft.

### Transparent Lash Band

It features a soft, thin, and transparent lash band that provides a comfortable and lightweight experience. You won't even feel it on your eyes.

### Vegan Lashes

These vegan lashes are crafted from premium quality synthetic fibers, ensuring that no animals are harmed in the process.
