NEW

Dimension	Pulp Core Structure	Composite Core (Full Core)
Core Components	Pulp fibers + a small amount of SAP	SAP + non-woven fabric/breathable film (no pulp or minimal pulp)
Absorption Features	Fast absorption, limited capacity, more rewetting	Slightly slower absorption, large capacity, minimal rewetting
Thickness	Thicker (5-10mm), becomes thicker after absorbing liquid	Thinner (2-5mm), stable thickness after absorbing liquid
Breathability	Moderate (significantly decreases after absorbing liquid)	Better (thin and loose structure)
Flexibility	Stiffer, prone to clumping and splitting	Soft, high fit, not easy to deform
Price	Lower	Higher

Indicators	Class A	Class B	Class C	Class D
based on size 4	Luxury	Premier	Ideal	Value
Water retention capacity(g)	500~600	450~550	400~500	350~450
Rewet range(g)	0.5~1.5	1~3	2~5	≤10
Maximum voidedvolume (based on 80ml/times)	6~7	5~6	4~5	3~4
Dryness Level Rating	★★★★★	★★★★☆	★★★★☆	★★★☆☆
Recommend	Day & Night	Day & Night	Day time	Day time
Synthetic Evaluation	★★★★★	★★★★☆	★★★★☆	★★★☆☆

Contours - Diapers

option

I-Shape

Big Waist Band "in between"
I-Shape Baby diapers with big waist band in between ensure the best comfort as the product stretches gently around the waist, so the baby can move freely; a body-hugging fit as sides fit tight in all positions, and no leakage at back!

ELASTIC WAIST BAND

Back leakage protection and better fit

Big waist band NW-elastic yarn-NW in line application
Waist band pre-made applied between topsheet & backsheet

T-Shape

T-Shape baby open diapers are the "classic" product in the baby diaper segment, and their presence is localized in Brazil. They feature a straight chassis with rectangular back ears for comfort and fit.

ELASTIC WAIST BAND

Keeps moving easily & protects back leakage technology

Big waist band NW-elastic yarn-NW in line application
Waist band pre-made applied between topsheet & backsheet

Contours - Pants

option

W-Shape

UNDERWEAR STYLE

Wraps snugly around baby's waist and thighs for a comfy, secure fit.

Seamless & comfy Soft, skin-friendly material that moves with baby.
No tight marks, no rubbing – perfect for crawling and first steps.

T-Shape

STRETCHY SIDES

Slip on and off easily with all around fit

TECHNOLOGY
Back elastic waist band
Front elastic waist band
Seam side sealing
