Rebellious Darks

Subversive darks remain a key direction as consumers continue to embrace gothic drama, fearlessness and rebellious self expression.

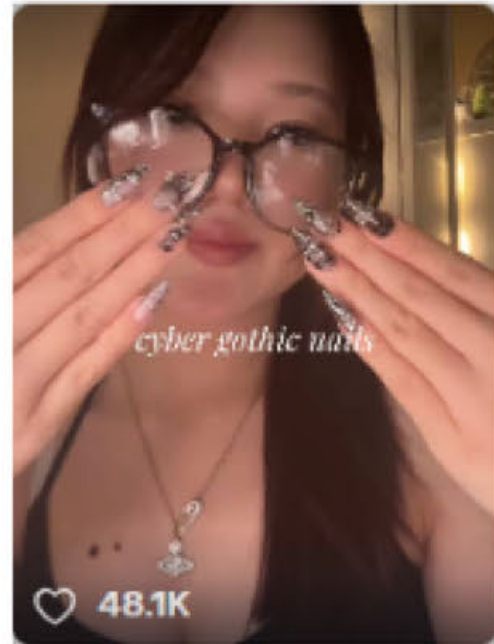

Coloro - A: 153-19-00, B: 024-21-05, C: 159-23-15

Pantone - A: 19-4203 TCX, B: 19-1109 TCX, C: 19-1718 TCX

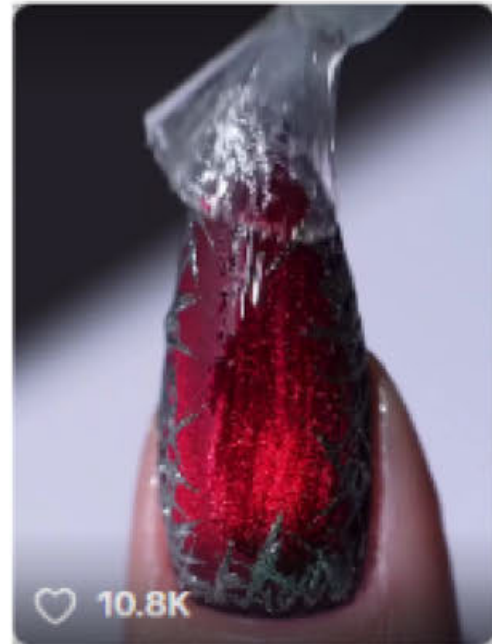

Design strategies

- Use these moody darks to create artful rebellion and drama. Protect seductive Cherry Lacquer and invest in Ground Coffee as #DarkBrowns gain momentum
- Design against expectations and use these mysterious darks for #SoftGrunge, #DarkRomance and soft resilience
- Focus this #Gothica theme on eyes, lips and hair. Invest in non-toxic blacks derived from natural carbon sources like algae for eyeliners and mascara
