AirLayer 3D Lash Clusters

Light as air, rich in dimension.

01

Airy layered structure

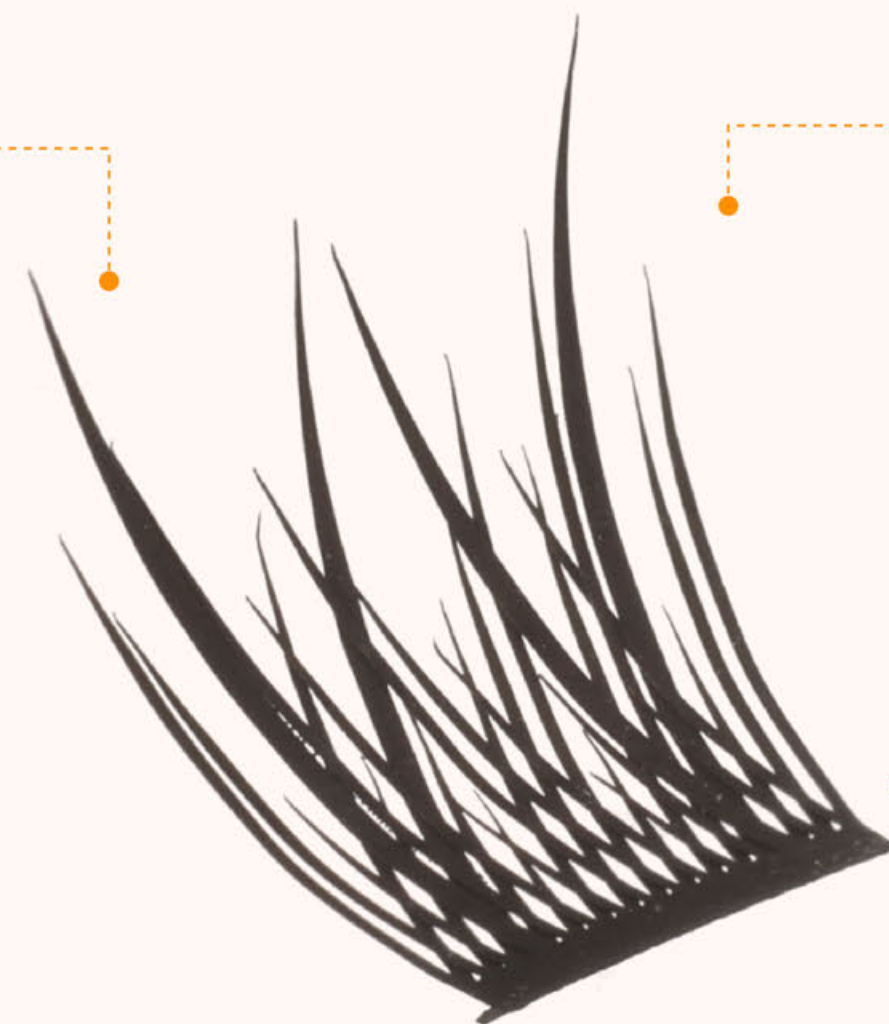

Double and triple layer clusters create a light, fluffy 3D lash effect.

02

3D depth and dimension

Overlapping layers add depth so the lash line looks fuller from every angle.

03

More natural, less stiff

Multi layer design softens the flat, plasticky look of single clusters.

04

Flexible and ultra light

Thin fibers flex with the eye for a comfortable, barely there feel.
